MAY IS STURGE-WEBER MONTH OF AWARENESS

STURGE-WEBER SYNDROME FACTS:

- 300 million people worldwide live with a rare disease.
- That's 5% of the world population.
- There are 6,000+ identified rare diseases.
- 72% of rare diseases are genetic.
- Equity means we fight for access to diagnosis, treatment, and care opportunities.

A legacy that began in 1986
